January 12, 2017

Hi Bill,

We do not have a policy against a customer not wearing shoes in our stores. While the majority of our customers wear shoes, we do not prohibit those who do not from shopping in our stores.

Have a wonderful day,
Ashley

Comments: I was wondering if you guys have a policy on customers being barefoot in your stores? I go barefoot for various health reasons and have already determined that there are no state laws requiring shoes.
